### Password Security Management

Always use different passwords for different accounts.  
Ensure password is strong.

Strong passwords should contain combination of upper case, lower case, numbers, "Special" characters (e.g., @#\$%^&\*()\_+|~--=\'}[]: ";<>/,etc.)

Immediately, change any password which might have been shared or revealed by mistake.

Change Passwords Periodically and do not create passwords with less than eight characters.

Do not use Common words such as names of family members, pets, friends, colleagues, movie/novel/comics characters, etc as passwords.
